RULE.

"Other servants of municipal councils are not, in any case, entitled to pension as a matter of right, but municipal councils may recommend the grant of gratuities, on retirement, to individuals who retire after long and good service. Collectors may, on the application of the municipal councils concerned, sanction gratuities subject to the following conditions:—

"(1) No gratuity is admissible to servants whose labour is purely manual (*e.g.*, a peon or lascar) and who are paid at ordinary market rates, nor to persons who have rendered less than twenty years' service. Pensionable service under Government should not be added to non-pensionable service under a municipal council to make up the twenty years' limit.

"(2) The gratuity should not exceed the following scale:—

"20 to 23 years' service—	six months'	emoluments.	
"23 to 26	do.	seven	do.
"26 to 30	do.	eight	do.
"Over 30	do.	nine	do.

"(3) If the Collector does not agree with the resolution of the Municipal Council recommending the gratuity, he should refer to Government.

"2. In exceptional cases of less than twenty years' service, the orders of Government should be obtained.

"3. The provident fund being intended to take the place of pension or gratuity, no municipal servant can claim a gratuity in respect of the period of service during which he has been a subscriber to it. But where the period for which a municipal servant has contributed to the provident fund is less than that of his total service, the entire period of his service may be taken into account for the purpose of calculating his gratuity, the amount of bonus, if any, received from the provident fund being deducted therefrom and the surplus paid as a net gratuity."

Fort St. George, February 6, 1914.

No. 25.—A State technical scholarship will be awarded in this Presidency during the current year for the study of Architecture. Candidates desirous of prosecuting the study of the subject should submit their applications for the scholarship to the Director of Public Instruction, so as to reach him on or before the 1st March 1914

2. Other things being equal preference will be given to graduates in engineering.

3. Ordinarily the period for which these scholarships may be held is two years, but in special cases, it may be increased to three years or reduced below two years. The value of the scholarships has been fixed at £150 sterling a year, but if in any particular case this amount is found insufficient, the Government will be prepared on good grounds to consider its enhancement. The scholarships are tenable in Great Britain and, with the approval of the Secretary of State in a foreign country.

4. The holder of the scholarship will not be bound by any engagement to serve the Government on the completion of his course, nor will the Government be bound to employ him He must generally depend upon his own exertions to make his living on his return to India and must not ordinarily expect to be taken into Government service. In selecting candidates, the Governor in Council will be guided by considerations of capacity, character and practical interest in the subject selected, and the assurance that the candidate will continue to devote himself to that industry on his return to India. No age limit is laid down for scholars. The course of study to be followed as well as the place in which it is to be prosecuted will be settled by the Secretary of State when a scholar arrives in England. Other conditions under which the scholarships are held are—

(1) that the candidate is a native of India as defined in section 6 of the Government of India Act. 1870, viz, "a person born and domiciled within the dominions of His Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only";

(2) that he has the consent of his family (*i.e.*, of his father or guardian) to proceed to Europe or America;

(3) that his character is good;

(4) that he has sufficient knowledge of the English language; and

(5) that he is physically fit to undergo the course of life and study that he will have to follow.

5. The following rules have been framed by the Secretary of State for the guidance of Indian Government Technical Scholars in England.

RULES.

(1) The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian Students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser, not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty and whenever they desire advice or information Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should in all cases address any communication they may have to make, and to whom also all reports or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

(2) Every scholar should, on reaching England, at once call on the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

(3) Every scholar should, without unnecessary delay, inform the Educational Adviser to which University, college, or other institution he is about to proceed, and should at once take steps to enter himself at the institution finally selected with his approval.

(4) Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow to carry out the objects of the scholarship granted to him; and he should, during his first college term, submit a further statement showing as accurately as possible the details of the total cost of such course of study. This latter statement should in every case be prepared in consultation with the principal of the college or institution at which the student is entered.

The course approved must not be changed without the sanction of the Secretary of State

(5) Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship

(6) Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted at the end of each term through that

* The Educational Adviser's office is at 21, Cromwell Road, South Kensington, S.W.

authority to the Educational Adviser and to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed

(7) Scholars will be expected to continue their studies during the summer vacations of the institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the form of practical work.

(8) Applications giving a detailed programme of the vacation work the scholar proposes to do, accompanied with a complete estimate of any extra expenses for fees and travelling, must be sent in through the Principal of the institution or the Professor under whom the scholar is working before the end of the month of April. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

(9) Every scholar must, at the end of each term of residence at a University or college, submit to the Educational Adviser a certificate from the proper University or college authority, showing that his resilience, conduct, and progress in study have been satisfactory during the term.

(10) Every scholar must at all times obey such instructions as he may receive from the Secretary of State, either directly or through the Educational Adviser.

(11) Subject to a due compliance with the above conditions, the allowance, at the rate of 150*l* a year for two years, or three years if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be 37*l* 10*s*. Three months after the date of reporting arrival the amount to the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University, college, or institution during the same period or any part of it, but not in respect of University or college fees, the cost of which will be separately defrayed by the Secretary of State. Fees for private tuition are not defrayed by the Secretary of State unless previously sanctioned by him.

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

Deposits and other charges which are part of the regular fees exacted by the authorities of the educational establishment in which a scholar is working will be paid by the Secretary of State; but charges for books, instruments, hotel bills, and medical attendance must be paid by the scholar himself (Any refund of a deposit must be repaid to the Secretary of State).

(12) No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

(13) Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 4, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, or if a scholar on completion of the term of his scholarship declines to return to India in accordance with the undertaking mentioned in rule 5, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

(14) At the expiration of his scholarship a scholar is provided by the India Office with a free second-class passage to India. The scholar is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office without the special sanction of the Secretary of State. All communications on this subject are to be made to the Educational Adviser.

(15) Should the Secretary of State be advised that the state of a scholar's health is such as to render his return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

Ag Secretary to Government.

SALT, ABKARI AND CUSTOMS DEPARTMENT

NOTIFICATION.

No. 2, dated 26th January 1914

NOTICE OF SALE OF ARRACK AND OPIUM PRIVILEGES.

Notice is hereby given that the number of independent shops appointed for the sale of liquor, opium and intoxicating drugs during the twelve months beginning 1st April 1914 and ending 31st March 1915 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II The districts in which independent arrack shops, foreign liquor taverns, beer shops, ganja shops and opium shops, respectively, will be sold are specified below :—

Independent arrack shops.	Foreign liquor taverns.	Beer shops.	Ganja shops.	Opium shops.
From 1st April 1914.				
Throughout the excise tracts of the Presidency including the Banganapalle State.	In all districts except Ganjam, Vizagapatam, Nellore, Anantapur, Trichinopoly, Ramnad, the Nilgiris, Salem and South Canara.	In all districts except Ganjam, Vizagapatam, Godavari, Kistna, Guntur, Kurnool, Madras, Ramnad, Tinnevelly and South Canara.	Throughout the Presidency	Throughout the Presidency.

Arrack and ganja wholesale depot licenses will be issued for all districts. Particulars regarding them will be found in clause XVI below. A separate notification will be issued regarding fixed fee foreign liquor licenses.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for mogis small shops. In the Kurnool district, the officer conducting the sale may, where he finds it necessary, require a deposit of Rs 20 only from bidders for arrack shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops will be put up for auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops will not be published, but the average of the previous five years' rentals will be notified by the Collectors wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI The officer conducting the sale may at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkari / Opium Act as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason He may also refuse any bid which

he may consider to be purely speculative, after recording his reasons for doing so. Village officers* will not be allowed to bid for, or to have any direct interest in, shops for the sale of intoxicants.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken, or the shop re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit† of half a month's rent (in addition to the deposit made under clause III) for each shop unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other shop.

X. Persons to whom shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit† such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rental the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop re-sold under the orders of the Divisional Officer on the dates notified by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the licenses. If the Tahsildar‡ and the licensee so agree, it may be credited towards the last instalments of the kists payable by the latter.

Condition of Issue of Licenses for Wholesale Vend of Arrack and Ganja.

XVI. Applications for the privilege of the wholesale vend of country spirits and of intoxicating drugs prepared from the hemp plant should reach the Collectors concerned on or before the 1st March 1914 and each should be accompanied by a fee of Rs. 15 which will be returned to those persons whose applications for licenses are not approved. The grant of licenses confers no exclusive privilege, and it will be open to the Collector to grant licenses under like conditions to other persons at any time during the currency of the licenses for which applications are now invited. Licenses for the wholesale vend of arrack will be granted to private persons only if they have obtained the consent of the arrack supply contractor of the District to the opening of their depots and deposited such amount as may be required by the Collector as security for the proper fulfilment of the conditions of the licenses. If such depots are not worked to the satisfaction of the Collector, they may be closed at any time. Arrack wholesale depot licenses will not be granted to persons having interest in retail shops.

The licenses issued under the above clauses will contain the following general conditions common to all abkari and opium licenses and the special conditions prescribed below for each particular kind.

General Conditions applicable to all Abkari and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding within their contract areas any interest in the retail vend of arrack or in the vend of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent them from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract, or from holding ganja and opium shops either within or without their contract areas. Brewers are prohibited from having any interest either direct or indirect in the retail vend of beer throughout the Presidency.

2. The limits within which sales under any abkari or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject

*This order is not intended to debar relatives of village officers from holding abkari and opium shops which are not situated in or near or which do not supply villages in which the village officers themselves are employed.

†Deposits may be in cash or other approved security. ‡Includes Deputy Tahsildar in independent charge.

to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside these limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night. In the case of arrack shops and taverns in municipalities, or towns having a population of 20,000 and over, the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction: the interior of the shop shall be sufficiently lighted by day and the shop shall not be used as a place of residence save by the vendor and his family or caretakers.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under each license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor except in accordance with the terms of a compounding license is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium. In shops which are clearly of a superior character private bars may be sparingly allowed by the Collector, under a special license to be granted by him free of fee, provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door clearly labelled, or provided with a proper signboard to show its nature.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to opium and intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. Nothing shall be added to liquor except in compounding or blending in accordance with the terms of a license. Liquor shall not be bottled except in accordance with the terms of a bottling license. Nor shall different kinds of liquors be mixed and sold under the designation of one of them. All officers authorized to inspect depots and shops (*vide* condition 15 *infra*) are authorized to detain any liquor, opium or intoxicating drugs found unfit for consumption or use, or which they may believe to have been tampered with in any way, and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkari and Customs Departments are empowered to confiscate or destroy any liquor, opium, or intoxicating drugs unfit for consumption or use or which have been tampered with, and all liquor to which liquor of another description has been added and which is being offered for sale under the name of one of the liquors so mixed.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 16 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M. except under special authority. In Madras sales after 9 P.M. will be allowed only in special cases under separate licenses and on payment of such fees as may be prescribed by the Collector. Power is reserved to Collectors on the report of the Police or for other sufficient reasons to order the closure of any particular shop either in towns or in the country at 8 P.M. or even at an earlier hour, if they consider such a course to be advisable in the interests of the public.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shopkeeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the site selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interest of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Tahsildars may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., only in places in the vicinity of which there are no regularly licensed shops. This power in regard to country spirits and toddy may also be exercised by Divisional Officers. Such licenses should be issued only when absolutely necessary and shall ordinarily be granted to the shopkeepers who usually supply the locality or to the representatives of the renter. The licenses shall run only as long as they are actually required not exceeding ten days. Not more than one license shall be issued for a fair or festival without the sanction of the Board. The fees to be paid for the licenses shall be fixed at the discretion of the officers issuing them.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect

to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the license—

(2) to sailors of the Royal Navy, soldiers and members of their families, or

(2) to any other person living in barracks; or

(b) (2) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, all class of followers (other than private servants) whether on or off duty, who have a right to be in cantonments;

(2) to Policeman, Excise officers and Railway servants when on duty; or,

(c) in any circumstances to any—

(1) European vagrant under escort of the Police;

(2) child under sixteen years of age;

(3) insane person; or

(4) person known or believed to be intoxicated.

Note.—The restrictions in (a) and (b) do not apply to Native soldiers, their families and followers when they are absent on leave from their regiments.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkari or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkari or opium license in any Native State or foreign territory or in any British territory where a low rate of duty is in force and which is adjacent to the district in which he holds his licenses.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorised under condition 12 or 13 *supra* and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be re-sold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit, nor shall liquor or intoxicating drug be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books may be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkari and Customs Department.

23. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkari and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorised to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Salt, Abkari and Customs Department of rank not lower than Sub-Inspector.

The Standard Barometer and Thermometers are read at 9 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 1·06 inches, the average due for the same period being 1·07 inches.

SUPPLEMENT—
Report of the Select Committee on the Madras Proprietary Estates' Village Service (Amendment) Bill, 1914, with the Bill as amended by the Committee—(Tamil), (Telugu) and (Hindustani).

Bill introduced into the Council of the Governor of Fort St. George for making Laws and Regulations.

The following Report of the Select Committee on the Bill to amend the Madras Proprietary Estates' Village-service Act, 1894, together with the Bill as amended by the Committee, is published for general information:

To

THE HONOURABLE THE COUNCIL OF THE GOVERNOR OF

FORT ST. GEORGE FOR MAKING LAWS AND REGULATIONS.

WE, the members of the Select Committee appointed at a meeting of the Council held on the 27th January 1914 to consider the Bill to amend the Madras Proprietary Estates' Village-service Act, 1894, have the honour to submit the following report.

2. We have received no communications from the public regarding the provisions of the Bill.

5. In order to ratify all enfranchisements of village service inams made subsequent to 1st April 1912, when the Proprietary Estates' Village-service Fund was abolished, and prior to the date when this Bill will come into effect as law, we have inserted a new clause between clauses 5 and 6 of the Bill referred to us.

4. We consider it desirable to retain the power to make rules regarding the payment of quit-rent by instalments and have amended clause 10 (now clause 11) accordingly.

5. The other amendments we have made are purely verbal.

Memorandum of Observations.

Under clause 4 of the Bill, the Government are having the power at any time to rescind, revoke or vary any such notification as contemplated in section 2 of the Act. By this, the operation of Act II of 1894 will be suspended in any one or more villages of an estate. The object of this amendment is to empower the Government to amalgamate small villages in proprietary estates, or small inam villages, to villages belonging either to a different estate or any Government ryotwari village.

Where a single village is divided among a number of co-sharers, each registered separately, or where a small village either belonging to a proprietor or an inamdar has to be amalgamated as a whole or with some other village, it is no doubt necessary that the Government should have the power of so doing and the amendment now proposed is necessary therefor. But if a village belonging to one proprietary estate is amalgamated with another belonging to a different estate, the little power which the Act gives to the proprietor of the estate over the village establishments will be lost. Proprietors of estates have been already suffering from great disabilities on account of want of proper control over the village establishments in their proprietary estates. Even in the event of Government giving greater control to the zamindars over the village establishments, as the matter is said to have been under their consideration, I fear this provision in the Bill will make it impossible for a zamindar to exercise any effective control. I therefore want that villages belonging to different estates should not be as far as possible amalgamated and a provision to that effect may be introduced.

5th February 1914. K. R. V. KRISHNA RAO.

Note.

The reason given in the Statement of Objects and Reasons for the amendment referred to in clause 4 of the Bill is that power has to be taken to enable the Government to combine small inam villages with Government villages for administrative convenience and to place them under the same village establishments. It has been suggested in the Select Committee that Madras Act II of 1894 has to be so amended as to enable the Government to combine for the purpose of village establishments not merely small inam villages, but proprietary villages as well with Government villages and with one another though situated in different estates; the Legislature is therefore asked to confer on the Executive Government the power to remove any estate or portion of an estate in respect of all or any of the officers mentioned in section 2 from the operation of the Act. I think section 6 of the Act can be so amended as to

serve the purpose in view without conferring on the Government the legal power to repeal the Act at their discretion and without notice to the parties affected in respect of any estate or portion of an estate.

Act II of 1894 has been extended to all the estates in the Presidency and Madras Regulation XXIX of 1802 has ceased to be in force therein.

If the Government should choose to repeal the Act by notification in respect of any estate (and there would be nothing to legally prevent them from doing so in the case of all the estates in the Province, though such a contingency need not be seriously anticipated) the proprietor would be deprived of the shadowy rights now exercisable by him under the Act.

Though any portion of an estate may be removed from the operation of the Act the Acts repealed would not be revived, the existing hereditary offices would not be extinguished, and it is doubtful whether the courts would treat the offices of karnam, munsif and talayari in proprietary estates as falling within the description 'other hereditary village offices'—in clause (3), section 3 of Act III of 1895. If the offices in question in proprietary estates be held not to fall within section 3, clause (3), there would be no statutory basis for some of the existing privileges of proprietors.

If the amalgamation of the villages is proposed to be done under section 6 of Act III of 1895, when an estate is removed from the operation of Act II of 1894, a point not perfectly clear, it would have to be done in accordance with rules made under section 20, and the words "that the rules are not to be inconsistent with this Act or with the Madras Proprietary Estates' Village-service Act, 1894," may be sought to be so interpreted as to make any rule which has the effect of depriving the proprietors or village officers of any existing rights *ultra vires* and illegal. I would therefore deprecate any amendment which has the effect of conferring upon the Executive unnecessarily large powers of repeal by notification, to which proprietors of land and others may take just exception, and of making the legal position of the village officers now in existence or which may be brought into existence hereafter so very difficult of ascertainment. I am therefore unwilling to accede to the proposed amendment in the manner recommended, and would suggest an amendment of section 6 of Act II of 1894 or the enactment of a separate section giving the necessary power to the Government, and making the legal position of all parties clear and certain.

Bill to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

Under rule 32 of the rules for the conduct of business at meetings of the Council the following Bill, with its Statement of Objects and Reasons, is published for general information :—

BILL No. 3 OF 1914.

The Tirupati Devasthanam Schools Bill, 1914.

WHEREAS doubts have been entertained as regards the legality of using the funds of the Tirupati and Tirumalai Devasthānams for the maintenance of the schools in the schedule hereto ; It is hereby enacted as follows :—

1. This Act may be called the Tirupati Devasthānam Schools Act.

2. It shall be lawful for the Vicharnakarta or Trustee for the time being of the Tirumalai and Tirupati Devasthānams to maintain the schools in the schedule from out of the funds of the said Devasthānams.

3. The expenses incurred hitherto from the funds of the said Tirupati and Tirumalai Devasthānams in building and maintaining the schools in the schedule shall be deemed to have been properly incurred in the administration of the Devasthānams.

SCHEDULE.

(1) Devasthanam Hindu High School, Tirupati.
(2) Sri Mahant Devasthānam Hindu High School, Vellore.
(3) Sri Venkateswara Vidya Sala, Tirupati.

STATEMENT OF OBJECTS AND REASONS.

In Original Petition No. 484 of 1913, the High Court observed that "it is difficult to see how the Devasthānam funds can be spent on the maintenance" of (1) the Devasthānam Hindu High School, Tirupati, and (2) of the Sri Mahant Devasthānam Hindu High School, Vellore, respectively. These schools have been under the management of the Mahants for over a quarter of a century ; and although objections were taken by worshippers from time to time to the legality of various items of expenditure connected with the institution, the expenses relating to these schools have never been objected to by persons interested in the temple. The third school mentioned in the schedule is a Sanskrit College maintained by the Trustee from the same funds. As the observations of the learned Judges indicate that only a Theological College can be lawfully maintained, it is desirable to legalize the maintenance of the schools entered in the schedule. The income of the temple is in excess of the ordinary expenditure, and there is a surplus of 60 lakhs of rupees to the credit of the Devasthānam. Under these circumstances it is desirable that the Trustee for the time being should be empowered to conduct the schools as heretofore, and to maintain them at a high level of efficiency as required by the rules of the Department of Public Instruction.
